SCHAURAUM

EIKON Schauraum MuseumsQuartier Wien

With its own exhibition space, EIKON provides a unique opportunity beyond the printed medium to make art photography and media art accessible to the public. An extension of the magazine, this location becomes a presentation platform for Austrian and international art photographers and media artists, where art projects are developed on regular rotation—alongside the publication of the current issue of EIKON. The EIKON Schauraum was adapted by BWM Architekten in 2020. It is staffed on Thursdays and Fridays from 2 pm to 6 pm and can be viewed twenty-four hours a day, even after the opening hours. **Admission is free.**

The architectural floor plan shows a tram stop platform with various technical details and furniture placement annotations. The plan includes dimensions, level markers (FFOK), and specific furniture items highlighted in red and numbered 1 through 4.

Annotations:

- 1** hanging wall 700cm x 245cm
